Fast easy claim  
settlements done **HERE**

Dear Valued Client,

Sagicor Life Trinidad And Tobago Limited has taken another step towards providing you with a superior service experience through our online claims settlement facility. This simple-to-use facility allows you to use your CariCARE card at any of the service providers listed below to transact business with immediate claims settlement. You can also view the list of Providers on our website: <https://my.sagicor.com/groupweb/>

Here are the simple steps involved when you visit any of these vendors to carry out your transaction:

- ✓ You will enter a provider's office and recognize signage indicating online claims settlement is available at the provider's office.
- ✓ Submit picture ID together with your **CariCARE** card, which already contains your name and plan information. Each person covered under the medical plan will have to provide their own card including dependents in order to access the facility.
- ✓ The provider will swipe the card, input the services rendered and submit the claim.
- ✓ The computer system will display to the provider, the total expense, less the deductible (where applicable), less the payment by Sagicor and the client's portion of the expense.
- ✓ You will pay your portion only.
- ✓ Two copies of the transaction will then be generated: a provider copy which the client must sign and a customer copy for your record of the submitted claim.
- ✓ The provider will subsequently receive payment directly from Sagicor.
- ✓ In the unlikely event of a transactional issue, you may be asked to pay for the service in the traditional manner.

**PLEASE NOTE:**

There is **NO** use of the On-line claims system from **8pm** nightly.

If you have a C.O.B. (coordination of benefits) arrangement available to you under another health plan (Sagikor or otherwise), you should **NOT** use this facility. Please pay for the service in the traditional manner and submit the claim to the primary insurer. (First payer) below is a brief example.

If Patient/ Customer is:

- ✓ Primary insured (husband or wife), they pay and send paper claim to his/her own insurer.
- ✓ If dependent spouse, they pay and send the claim form also to his/ her own insurer.
- ✓ If child, they pay and send the claim form to the father's insurer.

Guidelines continue below

It is very important to ensure that you know the benefits of your health plan, once the Provider submits the claim you would **NOT** be able to change your mind or have them cancel the claim as they are unable to do so.

If an employee does not adhere to the above or is found using the CariCare card fraudulently; that employee would be immediately terminated from the Medical plan.

If a provider does not adhere to the above or is found using the CariCare card system irresponsibly and or fraudulently; that provider would be immediately terminated from the system.
